What will you write to your British friend about your summer holidays?

In your letter write about:

- where you spend your summer holidays;
- what you like doing most of all;
- your impressions about your holidays.

You should write about 90 -100 words.

I will talk to my British friend about my summer holidays. This summer I spent^d in De-Kastri. I meet a lot of new friends. We walked every day. I wait a New Year, because they go to here. This collective is the best for me. However, I go to Khabarovsk one time. I spend all time with my family. We lived in uncle's flat. It is in centre of this city. We visited new places every day. For example, a North park, a river Amur, cafes and a square Lenina. This summer remembers to me all funny moments. It is the best summer holidays in my life. That's all I wanted to say.

Nowadays, the problem of eating fast food is very actual. More and more people prefer to prefer fast food to homemade one. Others don't think that it's a good idea. Anyway, both of these sides have reasons for it.

Because of the fast rhythm of ~~xxxx~~ lives most of the citizens don't have enough time, so that's much more convenient for them to eat fast food and not waste time on cooking. Furthermore, it's really tasty.

The great majority of adults have another opinion and their main point is that it's ~~real~~ harmful for health. And doctors would agree with them. Such a big amount of oil can cause a lot of problems to your stomach.

In conclusion I should say that not every tasty food is healthy and everyone have to know when to stop. As for me, I have enough spare time and I do like cooking, so that's not a problem for me to avoid fast food. Moreover, I prefer health to satisfaction.
